

Adobe Photoshop

1

Open the PSD template and choose the one that best suits your needs

2

Customize the text based on your needs and make sure it fits to the maximum lines allowed

Three lines headline + Playlist name

3

Add a suitable image in the background making sure it fits to the foreground content fixed in the pevious step

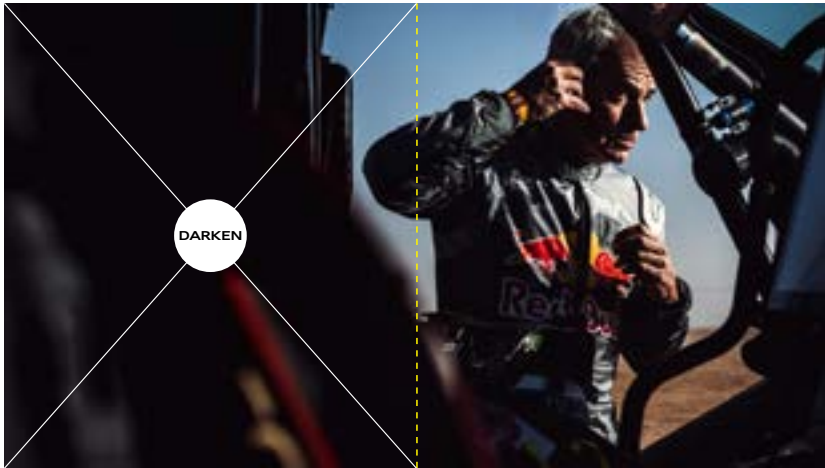

4

Make sure the image you selected respects the defined parameters

Right side = Image focus

Left side = Darkened (if needed)

5

After following all the previous steps correctly, we finally have our thumbnail ready to be uploaded
